Buildings and layout

■ 建筑物和布局

The Lincoln Memorial is a U.S. national memorial honoring Abraham Lincoln, the 16th president of the United States, located on the western end of the National Mall of Washington, D.C. The memorial is built in a neoclassical style in the form of a classical temple. The memorial's architect was Henry Bacon. In 1920, Daniel Chester French designed the large interior Statue of Abraham Lincoln, which was carved in marble by the Piccirilli brothers. Jules Guerin painted the interior murals, and the epitaph above the statue was written by Royal Cortissoz. Dedicated on May 30, 1922, it is one of several memorials built to honor an American president. It has been a major tourist attraction since its opening, and over the years, has occasionally been used as a symbolic center focused on race relations and civil rights.

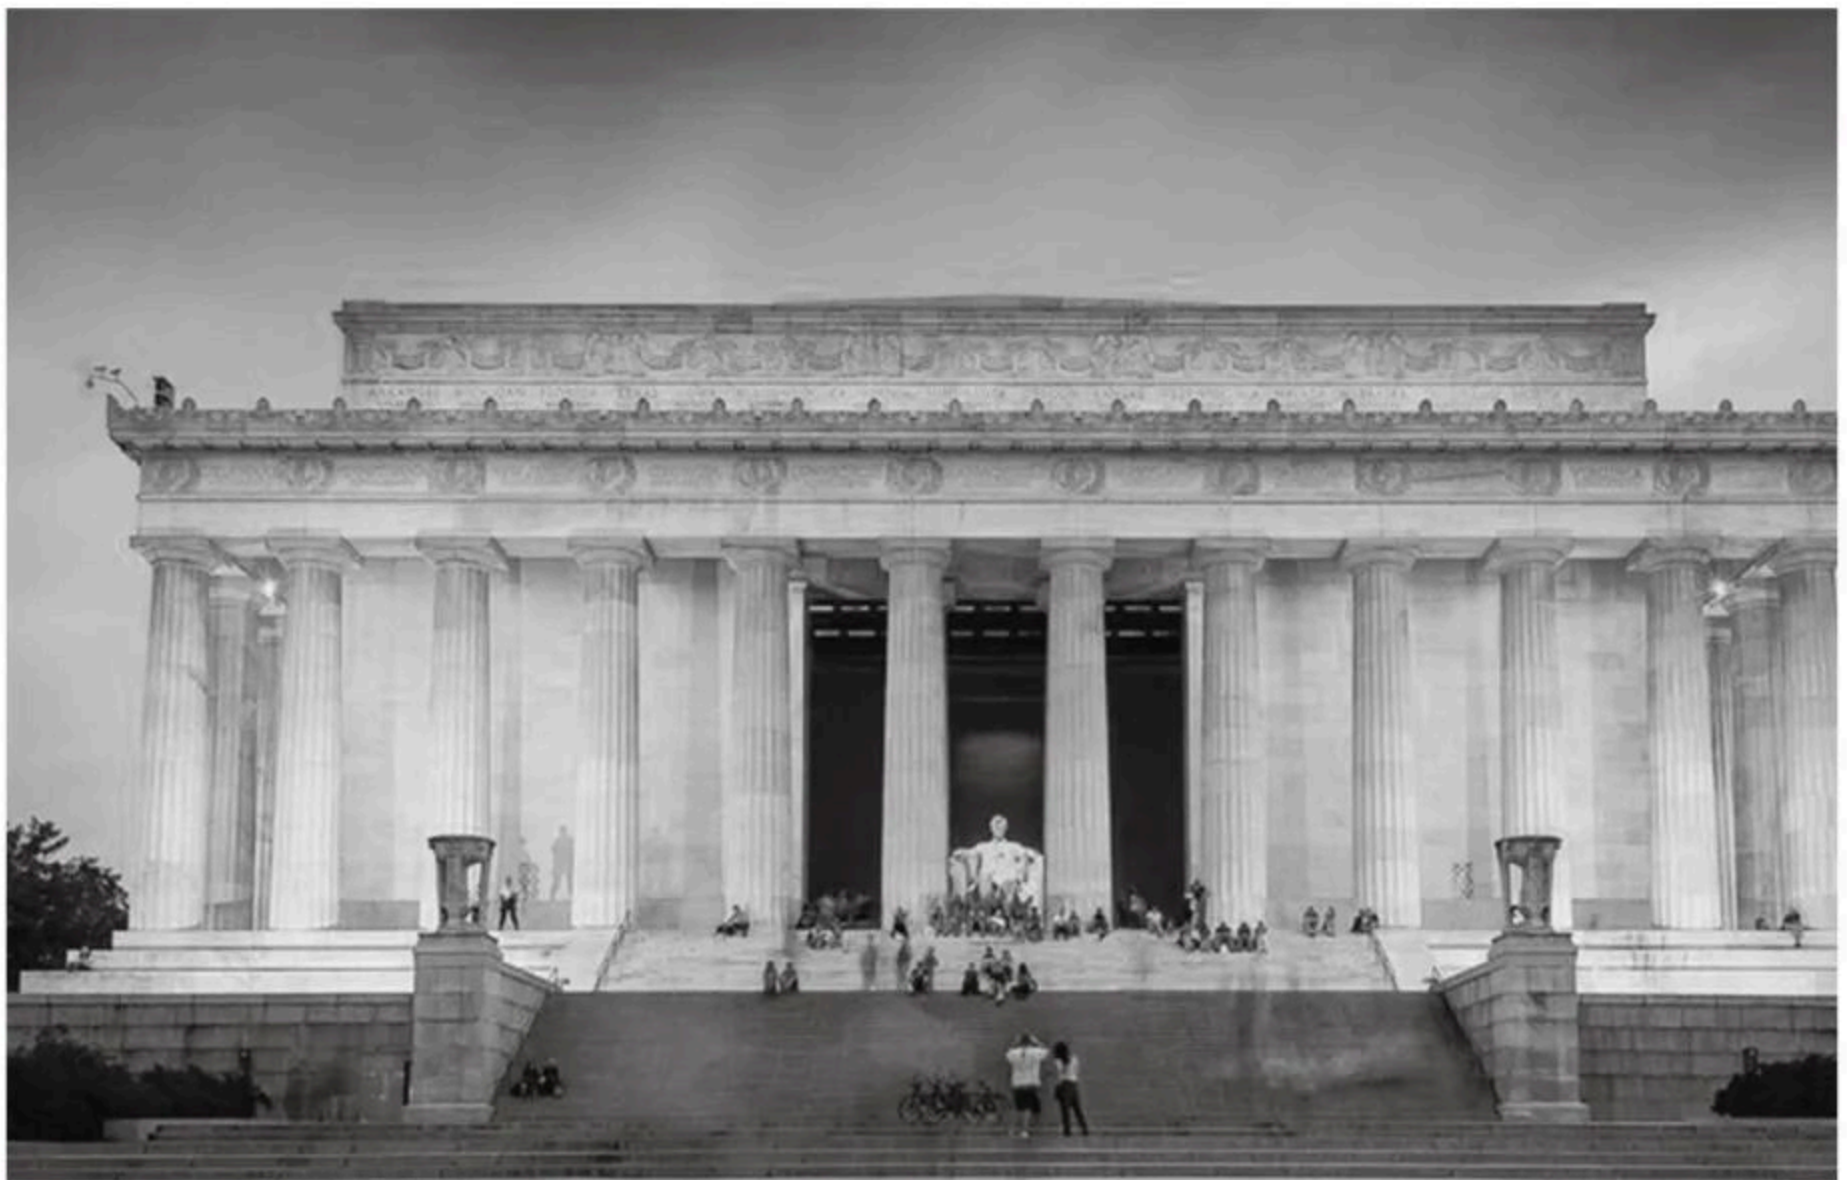

El Monumento a Lincoln, situado en uno de los extremos horizontales del National Mall de Washington D. C., Estados Unidos, es un monumento conmemorativo creado para honrar la memoria del presidente Abraham Lincoln. El edificio tiene forma de templo griego dórico, y tiene una gran escultura de Abraham Lincoln sentado e inscripciones de dos conocidos discursos de Lincoln. En este monumento han tenido lugar muchos discursos importantes, incluyendo el de Martin Luther King "Yo tengo un sueño", que fue pronunciado el 28 de agosto de 1963 durante la manifestación al final de la Marcha en Washington por el Trabajo y la Libertad.

Structure

The exterior of the Memorial echoes a classic Greek temple and features Yule marble quarried from Colorado. The structure measures 189.7 by 118.5 feet and is 99 feet tall. Above the colonnade, engraved on the frieze, are the names of the 36 federal states and the dates they joined the federation. Their names are separated by double wreath medallions in bas-relief.

El edificio adopta la forma clásica de los templos dóricos griegos, alejándose del típico estilo triunfalista romano que predomina en Washington. Tiene 36 columnas, con un tamaño de 10 metros de altura y rodean completamente una cella o naos que se eleva por encima del pórtico. Después de construirse, se pensó que quizás las 36 columnas podrían representar los 36 estados de la época de la muerte de Lincoln, así que se grabó los nombres en el entablamento de cada columna.

History

The Lincoln Memorial is an American national memorial built to honor the 16th President of the United States, Abraham Lincoln. It is located on the western end of the National Mall in Washington, D.C., across from the Washington Monument. The architect was Henry Bacon; the designer of the primary statue - Abraham Lincoln, 1920 - was Daniel Chester French; the Lincoln statue was carved by the Piccirilli Brothers; and the painter of the interior murals was Jules Guerin. Dedicated in May 1922, it is one of several memorials built to honor an American president. It has always been a major tourist attraction and since the 1930s has been a symbolic center focused on race relations. The building is in the form of a Greek Doric temple and contains a large seated sculpture of Abraham Lincoln and inscriptions of two well-known speeches by Lincoln, The Gettysburg Address and his second inaugural address.

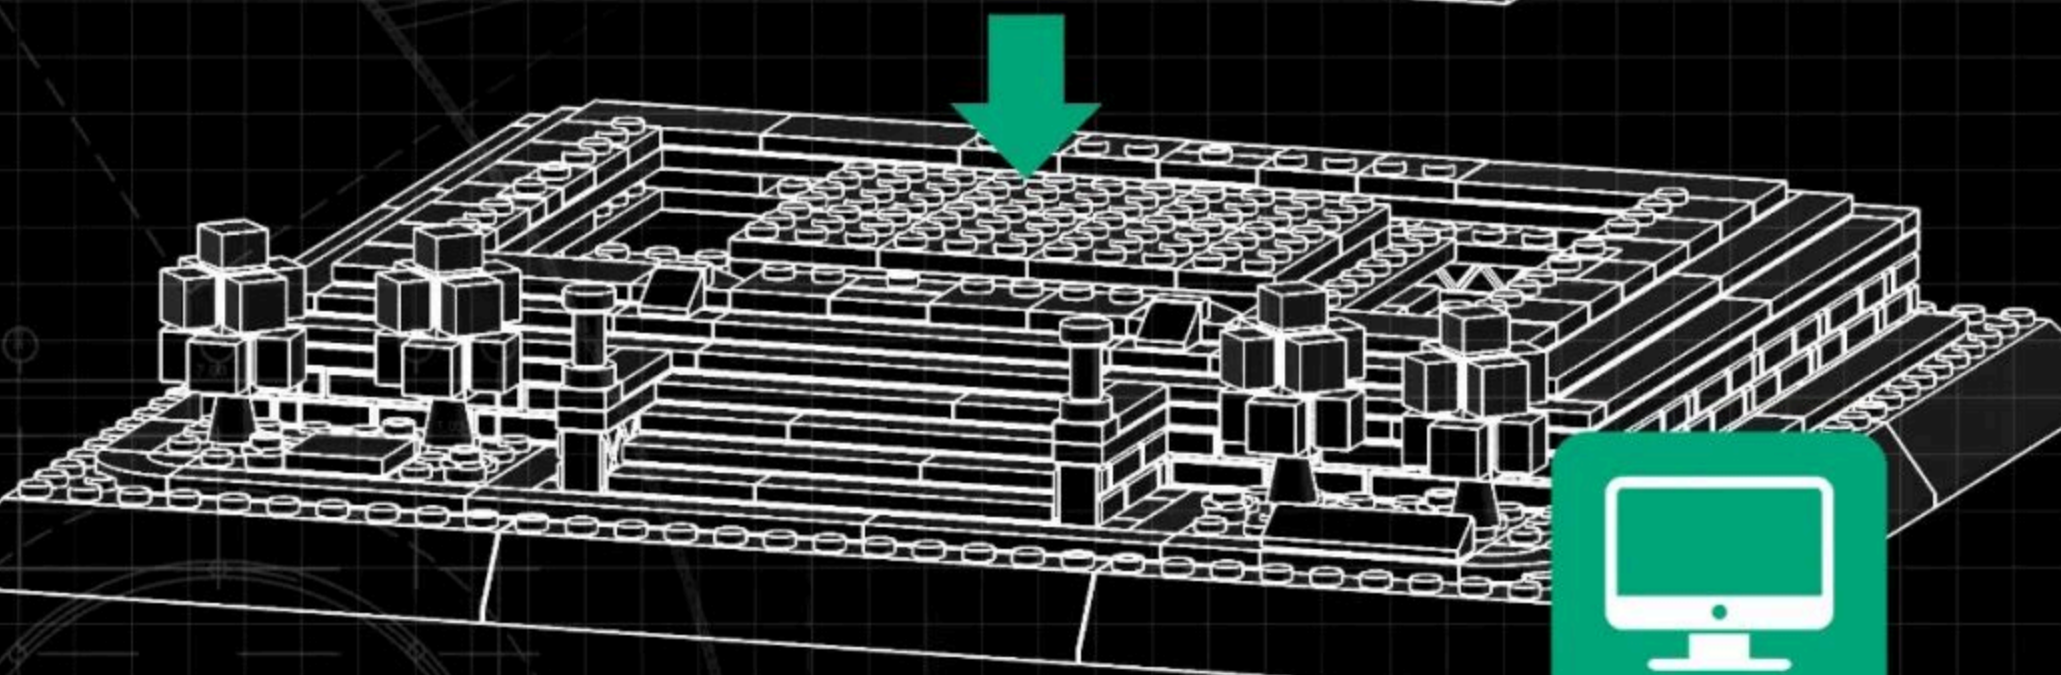

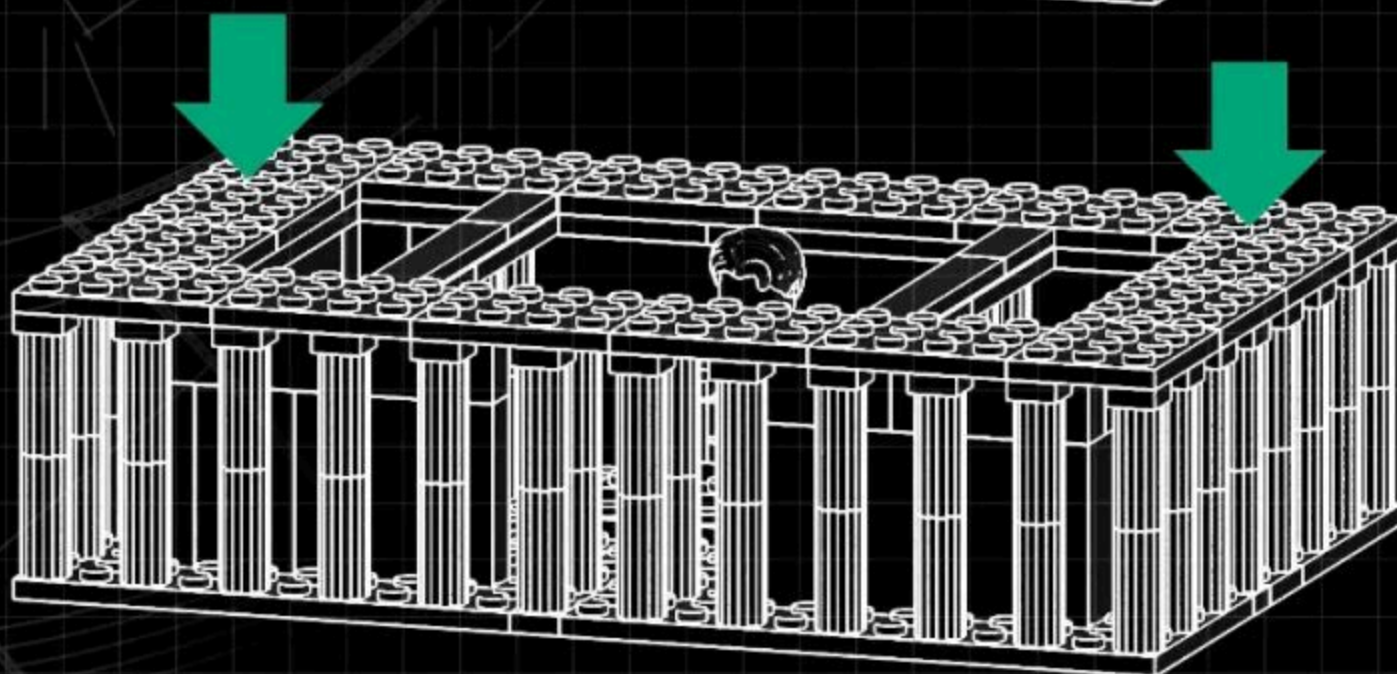

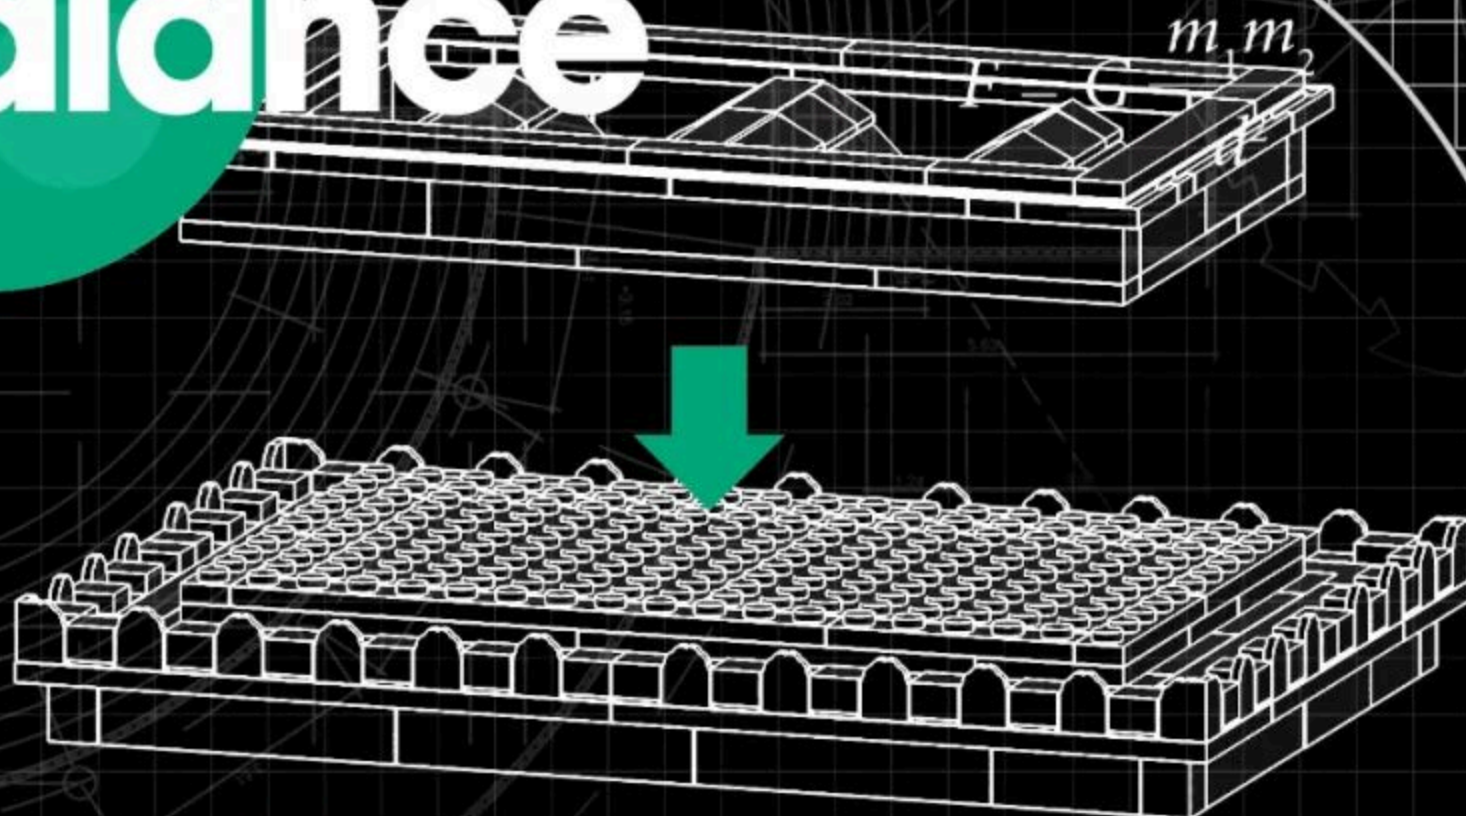

El Monumento a Lincoln (Lincoln Memorial en inglés), situado en uno de los extremos horizontales del National Mall de Washington D. C., Estados Unidos, es un monumento conmemorativo creado para honrar la memoria del presidente Abraham Lincoln. El edificio tiene forma de templo griego dórico, y tiene una gran escultura de Abraham Lincoln sentado e inscripciones de dos conocidos discursos de Lincoln. En este monumento han tenido lugar muchos discursos importantes, incluyendo el de Martin Luther King "Yo tengo un sueño", que fue pronunciado el 28 de agosto de 1963 durante la manifestación al final de la Marcha en Washington por el Trabajo y la Libertad.

小提示：积木包分为底板包、整版配件包及普通配件包，底板包标识为A/B/C...，普通配件包编码与说明书对应，整版配件包无标识。
Tip: Building block packs are divided into baseplate packs, runner accessory packs, and standard accessory packs. Baseplate packs are labeled A/B/C..., regular accessory packs have codes that correspond to the instructions, and runner accessory packs have no labels.

- Open the product packaging correctly and classify the building block packs by type.

用正确方式拆解产品外包装,按积木包类型进行分类。

- Confirm the quantity of building block packs and cross-check them with the pack identifiers and the instructions.

确认积木包数量, 对照积木包标识和说明书步骤。

- Open the building block packs according to the pack identifier steps. Sort them in order by type and color for easier assembly.

按积木包标识步骤拆开积木包,按顺序以类型、颜色进行分类以便搭建。

- Assemble your building block model following the steps in the instruction manual.

按说明书步骤拼装并完成你的积木模型。
