The world's great architecture

Inspiration and design

■ 灵感与设计

Fallingwater is a house designed by the architect Frank Lloyd Wright in 1939 in southwest Pennsylvania's Laurel Highlands, about 90 minutes from downtown Pittsburgh. The house was built partly over a waterfall on Bear Run in the Mill Run section of Stewart Township, Fayette County, Pennsylvania, located in the Laurel Highlands of the Allegheny Mountains. The house was designed as a weekend home for Liliane and Edgar J. Kaufmann, the owner of Kaufmann's Department Store.

After its completion, Time called Fallingwater Wright's "most beautiful job" and it is listed among Smithsonian's "Life List of 28 Places to See Before You Die." The house was designated a National Historic Landmark in 1966. In 1991, members of the American Institute of Architects named Fallingwater the "best all-time work of American architecture" and in 2007, it was ranked 29th on the list of America's Favorite Architecture according to the AIA.

Descripción

El terreno en el que se ubica la casa tiene abundantes afloramientos de roca que sirvieron de cimentación del edificio. La zona tiene un relieve ligeramente accidentado y un bosque de árboles caducifolios que se mantiene prácticamente virgen, ya que solo un camino peatonal conduce a la casa. Aparece como protagonista el arroyo Bear Run, en el cual está la cascada de la casa. Del terreno del lugar se extrajeron rocas que conforman la mampostería de la parte baja de las fachadas del edificio, colocadas en ese lugar para crear una progresión desde la roca natural del suelo hasta el hormigón de las partes altas. El resto de las fachadas es de color crema, color contrastante con el entorno verde o marrón (según la estación).

Interior de la casa

En el interior de la Casa de la Cascada encontramos habitaciones singulares por su distribución, ubicación y acabados. Al entrar en la casa por la puerta principal, situada en la cara norte, accedemos a una pequeña habitación con función de recibidor ubicada bajo las escaleras que conducen a la segunda planta. Pasada dicha habitación se entra en la sala de estar, el habitáculo más grande de la casa desde el que se divisan unas vistas espléndidas del bosque que rodea la vivienda. Al entrar, frente por frente está el llamado "rincón de la música", cuya etimología se desconoce, a la derecha está la zona con sofás y detrás del "rincón de la música" está la "escalera del agua", llamada así porque baja a una pequeña plataforma que está junto al arroyo. Para bajar por esta es necesario abrir unas mamparas correderas de vidrio. Los escalones de la "escalera del agua" están colgados de unos cables en tracción unidos al primer forjado.
