■ 建筑物和布局

The Solomon R. Guggenheim Museum, often referred to as The Guggenheim, is an art museum at 1071 Fifth Avenue on the corner of East 89th Street on the Upper East Side of Manhattan in New York City. It is the permanent home of a continuously expanding collection of Impressionist, Post-Impressionist, early Modern, and contemporary art and also features special exhibitions throughout the year. The museum was established by the Solomon R. Guggenheim Foundation in 1939 as the Museum of Non-Objective Painting, under the guidance of its first director, Hilla von Rebay.

El Museo Solomon R. Guggenheim, comúnmente conocido como El Guggenheim, es un museo de arte localizado en el número 1071 de la Quinta Avenida y la esquina de la calle 89 en el vecindario Upper East Side de Manhattan, Nueva York. Es sede permanente de una colección renombrada y en continua expansión de obras impresionistas y post-impresionistas, así como de arte moderno temprano y arte contemporáneo. Este museo fue establecido por la Fundación Solomon R. Guggenheim en 1939, inicialmente llamado el "Museo de Pintura Abstracta".

## Architecture

Wright's design for the Guggenheim Museum incorporated geometric motifs, such as squares, circles, rectangles, triangles and lozenges. The massing contains two spiraling structures, the six-story main gallery to the south and the smaller "monitor" to the north, which are connected by a "bridge" on the second story. The ten-story rectangular annex, to the northeast, appears behind the spiraling structures as viewed from Central Park.

El diseño en espiral asemejaba la concha de un Nautilus, con espacios continuos fluyendo libremente unos entre otros. Incluso cuando el edificio adoptaba la naturaleza, el diseño de Wright también expresaba su toma sobre la rígida geometría de la arquitectura moderna. Wright designó un significado simbólico a las formas del edificio

## History

Solomon R. Guggenheim, a member of a wealthy mining family, had been collecting works of the old masters since the 1890s. In 1926, he met artist Hilla von Rebay, who introduced him to European avant-garde art, in particular abstract art that she felt had a spiritual and utopian aspect (non-objective art). Guggenheim completely changed his collecting strategy, turning to the work of Wassily Kandinsky, among others. He began to display his collection to the public at his apartment in the Plaza Hotel in New York City. Guggenheim and Rebay initially considered building a museum at Rockefeller Center in Manhattan. As the collection grew, Guggenheim established the Solomon R. Guggenheim Foundation, in 1937, to foster the appreciation of modern art.

Solomon R. Guggenheim, miembro de una familia rica de mineros, había coleccionado trabajos de arte de los "viejos maestros" desde 1890. En 1926, Guggenheim conoció a la artista Hilla von Rebay, quien le presentó y lo introdujo al arte vanguardista europeo, particularmente el arte abstracto, la cual, según Rebay, tenía el aspecto "espiritual y utópico" del arte no-objetivo. Fue entonces cuando Guggenheim cambió por completo la estrategia de su colección, enfocándolo en trabajos realizados por artistas como Wassily Kandinsky, entre otros. Él comenzó a mostrar su colección en su apartamento en el Hotel Plaza en la ciudad de Nueva York.
